Finnish affiliates abroad 2024

Dear Sir / Madam

Your company has been selected for the Finnish affiliates abroad survey. Data is collected from all enterprises located in Finland that have a subsidiary or branch operating abroad, as well as from enterprises operating in Finland owned by a foreign enterprise. In the inquiry, the number, location, turnover and number of personnel from the financial year 2024 are investigated.

Statistics Finland conducts annual statistics in all EU countries on subsidiaries and associated enterprises, joint ventures and branches of groups located abroad. The statistics are made in accordance with Decision No 716/2007 of the European Parliament and the Council. The obligation to provide data is based on the Finnish Statistics Act (280/2004).

How to respond

The inquiry uses information about the structure of the group maintained by Statistics Finland's Group Register. Please check, correct and complete the pre-filled data on the online form.

Instructions for responding can be found on the online form and on the data collection page

<https://stat.fi/en/surveys/stu>. Statistics Finland's Suomi.fi mandate is **"Responding to data collections from enterprises and organisations"**. Instructions for granting the Suomi.fi mandate for data collections:

<https://stat.fi/en/surveys/stu#instructions>. Alternatively, you can log in to the form using the login identifiers in the upper right corner of this letter.

We ask for your response by no later than 14 November 2025.

What are the data used for

The data is used to describe the positioning of the activities of Finnish companies and the significance of the activities worldwide. The groups' information is collected in the Group Register maintained by Statistics Finland, which contains information, e.g. about the type of group, the group's nationality and group relations.

- More information about inquiry: <https://stat.fi/en/surveys/stu>
- More information about statistics: <https://stat.fi/en/statistics/stu>

To thank you for responding you will receive a link to a compilation made of enterprise statistics where you can view statistical data by industry. A link to the compilation can be found on the end page of the form.

Further information on the obligation to provide data and treatment of the data

Confidentiality, data protection and publicity

Statistics Finland uses the data for the compilation of statistics. Unit level data collected for statistical purposes must be kept confidential by virtue of Section 24, Paragraph 1, Sub-paragraph 16 of the Act on the Openness of Government Activities (621/1999). According to Section 13 of the Statistics Act (280/2004), Statistics Finland may also release data for scientific studies and statistical surveys without data enabling direct identification.

Statistics Finland may release data with their identification data to another Finnish statistical authority for the purpose of compilation of statistics on an activity falling within its sphere of influence, for cooperation between national statistical institutes, for cooperation between national statistical institutes, to the EuroGroups Register of multinational enterprises and to the Bank of Finland for the development, production, and quality improvement of the European statistics for which it is responsible. Further information on the data collection page <https://stat.fi/en/surveys/stu#dataprotection>.

According to Section 18 of the Statistics Act the public information is the communities, among others, foundations and trades and practitioners, business identity code or community code, name, branch, place of domicile, address and other contact information, the location of the operation and the posts, the total number of the staff and the number of the staff according to the municipality. Public information about business location are business location code, operating time, name, address, branch, location and size category of personnel of establishments and other public contact details.

The data are protected against unauthorised access in accordance with the data protection rules adopted by Statistics Finland. The Statistics Act prohibits the use of data collected for statistical purposes in an investigation, surveillance, legal proceedings, administrative decision-making, or other similar handling of a matter concerning the enterprise. Unit-level data on enterprises may only be handled at Statistics Finland by persons whose tasks require the use of such data. The email address of the person responsible for data protection at Statistics Finland is tietosuoja@stat.fi. The data protection description of personal data concerning respondents can be found at: <https://stat.fi/en/surveys/stu#dataprotection> (in Finnish).

Obligation to provide data

The obligation to provide data is based on Sections 14 and 15 of the Finnish Statistics Act (280/2004). Notwithstanding the provisions on data secrecy, entrepreneurs are obliged to provide Statistics Finland with such data that are necessary for the compilation of statistics. By virtue of Section 21 of the Statistics Act, Statistics Finland is entitled to receive these data free of charge. provide data wholly or partially if the provision of data causes the respondent unreasonable inconvenience and the exemption will not essentially hamper the production of statistics or weaken the reliability and usability of statistics. Unreasonable inconvenience refers to putting the respondent in an unequal position with regard to other data providers. Further information about the obligation to provide data and exemption from it as well as a form to apply for exemption can be found on Statistics Finland's web page <https://stat.fi/en/surveys#org>.

Duration of storage

Digital statistical data formed from the supplied data are permanently stored at Statistics Finland in accordance with the National Archives of Finland's confirmed storage period decision (KA/19843/07.01.01.03.01/2017).

About the data collection

The regulations of the European Union in part require the collection of the data in question (Decision of the European Parliament and of the Council (No 716/2007/EC) and Commission Regulation (No 747/2008)).

Data collection service for enterprises

Statistics Finland provides a service where enterprises can check in which Statistics Finland's data collections they have previously been and will soon be included. Further information about the service is available at: <https://stat.fi/en/surveys#org>.
