

31.10.2025

## Web form of the inquiry has renewed starting from 31 October 2025

Dear respondent,

The web form of the inquiry has renewed starting from the October 2025 inquiry on 31 October 2025. The link to the form remains unchanged:

<https://login.stat.fi/auth/login/targets/maj?lang=en>

The data requested are the same as before, but the instructions for the inquiry have been clarified. **Data on accommodation** will also in future be collected from your establishment for the months during which the establishment has been reported as open. In addition, **basic data on the establishment** and **data on permanent capacity** will still be collected.

### Instructions

Instructions can be found on the form in connection with the questions and through the information buttons. In addition, they can be found in the instructions for responding on our website: <https://stat.fi/en/surveys/maj#instructions>

### Web form content

#### Start page

This page contains an introduction to the inquiry and Statistics Finland's contact information. Links to the website of the inquiry and information about data protection are also on this page.

#### Basic data

Report changed information about the establishment or contact persons on this page.

#### Data on capacity and operating times

Report the operating times of coming months and any known changes to the operating times on this page.

31.10.2025

Data can be given for the current and next year.

Also report the establishment's **maximum capacity** used for short-term accommodation priced on a daily or weekly basis on this page.

**Changes compared the previous form:** extra beds no longer need to be reported while previously they were collected as a separate variable under permanent capacity. High season periods do not need to be reported in future either.

### Monthly data

Go to monthly data from this page. In addition to the previous month's data you can complete data for the eleven previous months and the upcoming month. New auxiliary variables on the form are 'Average price of a room' and 'Occupancy rate of rooms', which are automatically calculated by the form after the data have been entered.

### Endpage

You can log out from the form on this page.

From this page you can also find a link to a compilation made of different enterprise statistics, where you can view the data by industry. We update the data in the compilation approximately every four months. You can also access previous publications on accommodation statistics through the link on the end page.
